

# Trust Based Relational Intervention

# TBRI®

## A WORKSHOP FOR FOSTER & ADOPTIVE PARENTS

TBRI® is an attachment-based, trauma-informed intervention that is designed to meet the complex needs of vulnerable children. TBRI® uses Empowering Principles to address physical needs, Connecting Principles for attachment needs, and Correcting Principles to disarm fear-based behaviors. While the intervention is based on years of attachment, sensory processing, and neuroscience research, the heartbeat of TBRI® is connection.

**"When you connect to the heart of a child,  
everything is possible." -Dr. Karyn Purvis**
